27 INTERNATIONAL WEEK OF HIKING IN WALLACHIA

MAJOR EVENT IN THE VSETÍN REGION

8. - 15. July 2017

VSETÍN
CZECH REPUBLIC

WORD FROM THE MAYOR

Dear hiking aficionados, friends of Wallachia, while nature is getting ready for winter dormancy, our team is in full speed preparing another wonderful annual week of hikes through beautiful Wallachia.

We think about where to take you for the first time and what to show you. We know that you are able to keep smiling and climb the places that often belong only to mountain goats. We will not forget our beautiful ridge trails with views of the landscape that always touch the tourist's soul. We will take you through forests and rocks, where

the strong Wallachian air refreshes you so much that you will feel like you have wings.

Do not hesitate too long in deciding whether to come to Wallachia because you will not be here alone. You will choose your route according to your taste and do not forget that in addition to the kilometres hiked you are also coming to taste Wallachian specialities that include crackling spread, the frgál tart, local beer and the Wallachia panacea in the form of slivovitz. Whoever lasts until the end of our week of hiking, will not miss the fabulous party and grilling of homemade sausages.

And as I said at our first meeting: „In the world of sport, track and field is the royal discipline, but here in Wallachia the queen of all disciplines is HIKING. In Vsetín, we know it, and therefore hikers will always receive a royal welcome here.“

We really look forward to seeing all of you, pack your rucksack and come to Wallachia.

Mgr. Simona Hlaváčová
Deputy Mayor of Vsetín
